

First Guard™

HAND SANITISER

FIRST GUARD™ HAND SANITISER ALCOHOL-BASED (80% V/V): A scientifically formulated, alcohol-based, 'leave on' product, primarily used to sanitise the skin, when soap and water are not available. Ethanol is well known to have antibacterial, antimicrobial and virucidal properties. In pure form, it is both dangerous and difficult to harness these properties. Our formula, however, makes it safe and easy to use, taking full advantage of these properties.

- Convenient to use anywhere
- Leaves hands feeling refreshed
- Simple and effective alcohol-based hygiene solution
- Complements regular hand washing with soap and water

Complies with:

- WHO recommendations
- SANS 490:2013

APPLICATION

Spray onto palm and rub hands together until dry.

INGREDIENTS

Alcohol (Denatured), Aqua, Glycerin (vegetable derived), FD&C Brilliant Blue

STORAGE

Store in original container between 5-25°C, in a cool, dry place and away from direct sunlight. Reseal/close container after use.
